FIREHOUSE - 2018

DEAN REEVES MD - *Combining Dextrose Prolotherapy, Platelet Rich Plasma Prolotherapy, Perineural Injection Treatment, and Hydroissection.* - This lecture will allow the specialist in head pain / neck pain / TMJ Dysfunction to become aware of and to practically trial additional methods of both diagnosis and treatment that will impact the majority of patients that they see with complex or particularly stubborn pain. and complex complaints. Dr K. Dean Reeves received his medical degree and residency training in Physical Medicine and Rehabilitation from the University of Kansas School of Medicine. He is chairman of the Institutional Review Board of the International Cellular Medicine Society.

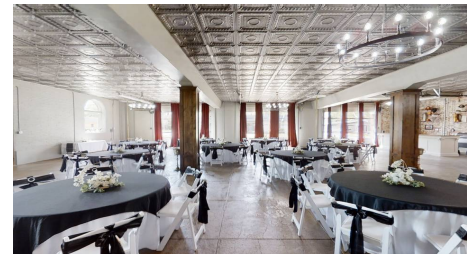

Daniela Lupini DMD- *Skeletal Anchorage in Orthodontics* - Expanding the Horizons of Patient Care with the use of TADS associated to Fixed Orthodontic Therapy and Clear Aligners This lecture will focus on skeletal anchorage by means of orthodontic mini-screws, associated with both fixed orthodontics and clear aligner therapy that has changed the scenario of orthodontic daily clinical practice. Dr. Lupini is a Specialist in Ortho, Specialist in Pediatric Dentistry, Member European Board of Orthodontists, Italian Board of Orthodontists, Adjunct Professor at Univ of Trieste, Italy, "Lancer Global" clinical advisor, and Member of Align Technology Faculty.

John Truitt - *Practical Application and Implementation of Dental Sleep Medicine* This lecture will discuss sleep apnea, stages of sleep, why we sleep, REM as well as sleeping habits and tips. We will compare ambulatory home testing vs in lab testing. The basics of sleep physiology, impact on the sympathetic nervous system and co-morbidities will be discussed. You will learn how to identify sleep apnea and we will cover diagnostic protocols and device selection. He was founder and chairman of Simple Sleep Services - an apnea diagnostic and therapy company that effectively treated over 12,500 patients with oral appliance therapy in 7 years.
